

FACULTY SEARCH  
UNIVERSITY OF MASSACHUSETTS LOWELL  
DEPARTMENT OF CHEMISTRY

The Department of Chemistry at the University of Massachusetts Lowell invites applications for two tenure-track positions in the general areas of **Biochemistry** and **Polymer Chemistry**. Specific areas of interest include, but are not limited to, biochemistry/biophysics of muscle proteins and/or biomechanics broadly defined, materials science, polymer synthesis, polymers with thermal and mechanical properties suitable for 3D printing, flexible electronics or energy storage applications. An ability to participate in interdisciplinary research with faculty in other departments such as Biology and Physics or centers is considered a plus.

Appointees will be expected to develop a vigorous, externally supported research program and teach both undergraduate and graduate courses. A Ph.D. in Chemistry or a closely related field is required, and postdoctoral training in a relevant discipline is preferred. Applicants at all ranks will be considered, but appointments at the Assistant Professor level are anticipated.

The University of Massachusetts Lowell is a comprehensive University with a national reputation in science, engineering and technology, committed to educating students for lifelong success in a diverse world. The Department of Chemistry presently consists of 20 full-time faculty and lecturers with expertise in all major areas of the discipline. The Department offers an ACS-approved B.S. in Chemistry and has very active M.S. and Ph.D. programs, with approximately 150 undergraduate majors and 75 graduate students.

Application materials, including a cover letter, detailed CV, description of research plans, statement of teaching experience and philosophy, and three letters of recommendation should be submitted online at [explorejobs.uml.edu](http://explorejobs.uml.edu). **Only online applications will be accepted.** Review of completed applications will begin immediately and continue until the positions are filled.

Tenure-Track Faculty Position in Biochemistry/Biophysics - Job Number: 492501

Tenure-Track Faculty in Polymer Chemistry/Polymer Science - Job Number: 492502

*The University of Massachusetts is an Equal Opportunity/Affirmative Action Title IX, H/V, ADA 1990 employer.*
