

POLYMERIC DELIVERY FOR THERAPEUTICS

AMERICAN CHEMICAL SOCIETY
FALL 2008 NATIONAL MEETING
PHILADELPHIA, PA
August 17 – 21st, 1008

CALL FOR PAPERS!

We announce the call for papers for *“Polymeric Delivery for Therapeutics”* symposium at the Fall 2008 National ACS meeting in Philadelphia sponsored by the POLY division, co-sponsored by COLLOIDS. The program is designed to address the advances in state of the art polymeric delivery of therapeutics in cosmetic, personal care and biomedical applications, as well as fundamental research enabling next generation developments. Academic and industrial researchers are invited to submit abstracts and preprints for oral or poster contributions.

KEYNOTE SPEAKER:

Professor Robert K. Prud'homme

Director, Program in Engineering Biology
Princeton University

Deadline for Abstracts and Preprints: MARCH 17, 2008

Participants should submit abstracts and preprints to OASys <http://oasys.acs.org>, under the POLY division, “Polymeric Delivery for Therapeutics” oral or poster session before the deadline.
